

Our Mission

To provide an evidence - based and compassionately caring service to those in our care.

Our Aim

To provide high quality compassionate care and support to people who are unable to look after themselves in their own homes.

To do this we understand the benefits of living independently. We work together to provide the best support to our service users which is designed to help them achieve their individual needs.

Our Objective

To commit to person-centred and inclusive partnership based approach which embraces every individual in receipt of our service. To commit to every individual in our service in order that they should have a stable fulfilling environment that enables them to retain their independence. To commit to every individual's rights. To promote an all inclusive culture and spirit. To recruit the best staff who reflect our multicultural society so they deliver an unequalled service. To provide a seamless 24 hour service to every individual person in our service 365 days a year.

ICRIT HEALTHCARE

Bolton Enterprise Centre, Washington Street, Bolton, BL3 5EF

Phone: 01204 325013 **E-mail:** info@icrithealthcare.co.uk

RESPITE CARE

Our respite service provides companionship to those individuals living alone, or short respite care (a couple of hours) to enable informal carers to go out for a break. ICRIT Healthcare offers individually tailored planned activities both within the community and in-house, having regard to the age and interests of the service user.

LIVE-IN CARE

Live-in service where we supply our dedicated, compassionate and professional staff to live-in with individuals who may need round the clock care and support within the comfort of their own homes.
